Service	Description	Available from
Environmentally friendly bricks	50-90% less greenhouse gas levels than traditional kiln fired bricks, saves 4-6 tonnes of CO2 emissions per average house lot, stabilised, not kilned, use no oxides for artificial colour.	Geo Brick Pty. Ltd. Puzzle Flat Reef, Bealiba, Central Victoria E: info@geobrick.com.au W: www.geobrick.com.au M: 1300 855 098 F: (03) 5469 1349
Straw bale building information	Information on strawbale design, construction, rendering, building requirements	Mark Mitchell Mitchell Plastering – Solid Plastering Specialist T: 5473 4300
Straw bale building workshops	Theory, do's & don'ts, project design, footing construction, bale tying, laying, windows, problem solving, compression, trusses etc.	Dean Lamb Pipers Creek Farm, Kyneton dean@piperscreekfarm.com.au M: 0412 000 437
Hebel	Hebel Autoclaved Aerated Concrete, a lightweight concrete that is formed into blocks and panels, delivers the benefits of traditional masonry (strength, acoustics, fire and pest resistance). Has a unique combination of thermal mass and insulation.	BuildPro Building Supplies 615 Napier Street, Bendigo T: 5448 3355 W: www.buildpro.com.au
Timbercrete	Excellent thermal insulation properties, made from timber waste products, save energy for heating and cooling, excellent sound absorption and acoustic qualities, exceeds the highest possible fire rating, impervious to termites and rot, is bulletproof and can be nailed and screwed into like timber.	Timbercrete Paul Ryan 197 McNee Rd, WYUNA Vic T: (03) 5859 4294 E: paul@timbercrete.com.au W: www.timbercrete.com.au
Recycled plastic building	We convert industrial and domestic waste into high quality recycled plastic products. Is low maintenance and long lasting. Has a high resistance to vandalism. Is termite resistant. Never needs painting. Will not split or rot unlike timber. Provides protection from graffiti.	Peter Patterson Business Development Manager Repeat Products <i>trading as</i> Replas p: 03 9770 8390 m: 0419581023 w: www.replas.com.au e: Peter.Patterson@replas.com.au
Radial Timber	Radial sawing maximises the recovery of sawn timber from smaller logs. It has a range of both environmental and technical benefits from helping to make indigenous hardwood plantations more viable to maximising the yield of high value timber products from a log.	Radialcorporation Traralgon T: 5174 2538 W: www.radialtimber.com Radial Timber Sales Pty Ltd 12 Park Drive Dandenong South T: 9768 2100 E: sales@radialtimber.com
Sustainable forest timber	Provides an assurance that the timber based product purchased, stocked and sold has been sourced from a sustainably managed forest.	Australian Forest Certification Scheme (AFCS) W: www.forestrystandard.org.au E: info@forestrystandard.org.au T: (02) 6122 9000
Recycled timber	Supplier of flooring, re-milled, reclaimed decking, post & beam floorboards, natural	Timberzoo 385 Portarlington Road, Moolap 3221

	feature grade bridge & wharf timbers, recycled hardwoods	T: 5248 1223 E: sales@timberzoo.com.au W: timberzoo.com.au
Sustainable timber	Recycled & salvaged (new) timber, timber, t&g flooring, structural & architectural timbers, timber posts & beams, timber cladding & decking, timber benchtops, dress furniture grade timbers, many timbers virtually impossible to source elsewhere	Nullarbor Sustainable Timber MELBOURNE Showroom 217 Kororoit Creek Road Williamstown VIC T: 9399 9300 W: www.nullarbortimber.com.au E: dale@nullarbortimber.com.au
Recycled building materials	Supply of wide range of recycled building materials, plantation timbers, recycled decking timbers, recycled iron, windows, frames (range of sizes), recycled glass, cut to size.	Tonks Bros Pty Ltd 224 Barker St, Castlemaine T: 5470 5100
Aboutist	Advice on how shade trees can bring about big savings on energy bills by keeping your house cool in summer with shade and letting in the light and warmth from the winter sun by losing their leaves in the cooler months. Exotic trees can be less flammable than native trees and of course fruit bearing trees or vines are a bonus!	Wesley Martin WMEEnvironmental E: wes@wmenvironmental.com.au
