NOTICE OF QUESTION:

For next sitting, unless otherwise stated.

Mr Steve Gibbons MP – Federal Member for Bendigo to ask - the Minister for Climate Change and Energy Efficiency:

Re: National Feed in Tariff for the electricity grid

1. Does the government see merit in the introduction of a national “Feed In” Tariff for renewable energy.
2. Does the government have a preference for a gross or net feed in tariff.
3. What are the impediments to the introduction of a national feed in tariff?
4. Would all major forms of renewable energy, solar, wind biomass, tidal be included in a national scheme?
