

**Where do you stand on renewable energy?
Survey of parliamentarians views on renewable energy**

Response form

1. Are you satisfied with the current levels of policy support for renewable energy in Australia?

Yes No Not sure/Other

2. What have you personally done in parliament - and in your electorate - to promote the greater uptake of renewable energy?

3. Do you believe that Australia's current renewable energy policy settings allow renewable energy to meet its full potential in your electorate? If so, why? If not, why not?

4. What do you identify as the main advantages of renewable energy in your electorate?

Job creation	<input type="checkbox"/>
Affordable power supply	<input type="checkbox"/>
Investment into the local economy	<input type="checkbox"/>
Cleaner air and water	<input type="checkbox"/>
Other (please state):	<input type="checkbox"/>
None	<input type="checkbox"/>

5. Do you support revenue from a carbon price being used to pay for investment in renewable energy?

Yes No Not sure /Other

Why/why not?

6. Do you support the introduction of a national 'fair go for renewable energy' bill - a feed-in tariff for renewable energy technology at all scales?

Yes No Not sure/Other

Why/why not?

7. By 2020, how much of Australia's electricity (% of total supplied) would you like to see coming from renewable energy?
