

## Employment opportunities at Mount Alexander Sustainability Group, Castlemaine.

The Mount Alexander Sustainability Group (MASG) is a beacon for sustainability in the region. We lead and innovate by:

- Advocating and campaigning
- Demonstrating with our priority projects that change is possible
- Building knowledge by providing an information hub and education service
- Acting as a community catalyst and enabler
- Building strong alliances and working in partnership with like-minded bodies

We are a non-profit, membership-based organisation with tax deductibility status. Our main resources are our members, staff and volunteers and their inestimable knowledge, experience and generosity in giving their time and expertise, networks and money.

Our priority focus is energy – renewable energy, clean energy and energy efficiency. MASG also supports broader sustainability activities in which members are interested, such as food production, transport and waste. Enabling activities and building community capacity is an important part of this support.

### We have the following part-time positions available:

**Coordinator** (1 day a week with possibility of extension to 2 days)
